Detailed Action

Election and Restriction
(8/31/07)

1. Restriction to one of the following inventions is required because this application, as best understood, contains claims directed to the following patentably distinct inventions. Applicant is requested to elect a single invention and associated figures for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable:

Invention A - claims 1-12, directed towards a bumper.

Invention B - claims 13-21, directed towards a process for the manufacture of bumper.

Invention C - claims 22, directed towards a mould for the manufacture of a beam.

2. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

3. As best understood, Examiner has identified the Inventions (A, B, C, etc.) but Applicant may amend, with a detailed explanation, the composition of each invention (A, B, C, etc.) to include respective claims and figures to distinctly claim the subject matter which applicant regards as the invention.

4. A telephone call was made for the Attorney/Agent responsible for this application to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined.

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventor ship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventor ship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

7. Any inquiry concerning this communication or earlier communications should be directed to Primary Examiner Kiran B. Patel whose telephone number is 571-272-6665. The examiner can normally be reached on M-F from 8:00 to 5:00. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
